This printable brochure shows you all the styles of wedding program fans available from Antonia Rose Printing and contains ordering instructions and an order form. These program fans are printed for us by Carlson Craft.

Your order includes 1 proof and any color of ink.

NOTE: While most of the pictures show wooden handles, program fans now ship with wooden or white plastic handles; you request what you want on your order form.

PRICE GROUP A

Textured White Wedding Program Fans: This rectangular wedding fan program with rounded corners is 5.5 by 6 inches and is printed on bright white textured paper. The sample has monogram M-228 at the top of one side and was done in font BIC. This is our most popular style. Remember you can lay these out exactly as you wish; the sample here is one of the most common ways to do it. The ribbon shown is not included but can be ordered separately.

Item Number: W8LPN6209

Ecru Square Wedding Fan Programs: Our 6 x 6 ecru wedding fan program has a pearl deckle edge. This couple chose motif GRP, repeated on both sides of the programs. These were printed in olive ink with font AVA. Ecru is available in this style and in our heart shape (WEPN1011).

Item Number: WPPN2524

Bright White Large Square Fan Wedding Programs: These 8 x 8 bright white fan wedding programs can hold all of your ceremony and wedding party text. A spare layout was used in the sample, so the words really stand out. Remember, you can have as much text as you wish, on both sides of the wedding program fans. Keep your intended layout and the amount of text you have in mind when selecting your fan wedding program size and style. The sample wedding program fan was printed in Passion ink using Motif DPH and lettering style TCS.

Item Number: W8LPN1266

PRICE GROUP B

White Heart Wedding Program Fans: These are our popular heart-shaped wedding program fans in the second price group! This 8 x 9 bright white heart fan program was printed in Rosewood ink with lettering style TCS and monogram style P-101 TCS. Remember all our wedding program fan printing is done with thermography, just like on your invitations, in your choice of 31 ink colors.

Item Number: WPPN1010

Ecru Heart Fan Wedding Programs: Our heart shaped fan wedding programs are also available in ecru, as shown here. This sample was printed in hunter ink with lettering style LIO and motif IVB. The heart shape and the 8 x 8 square are our largest wedding program fan formats, along with the new Flourish shape, so consider them if you have a large wedding party or a lot of ceremony information to include on your fan wedding programs.

Item Number: WPPN1011

Flourish Large Fan Wedding Program: This 10x10 program has room for up to three columns, so even the largest wedding party will fit on it. The elegant shape will add a unique flair to your ceremony.

Item Number: WPPN1010CRB

Colored Stock Wedding Fan Programs: These die-cut fan programs provide a big splash of color for your wedding ceremony. Use the included white sticks or use the holes punched in the bottom and string ribbon through the base. Available in colors shown below.

Item Number: WPPN1010SHL

Photo Wedding Program Fans: Put a photograph of the two of you on your fans with a stylish flourish design! These fans are flat printed to allow for the use of photos. Choose up to two ink colors for your text, monogram/motifs, from the imprint colors listed above for the die-cut fans. These are 7x7 square fans.

NOTE: Scan and email us your photo at 600 dpi so that it prints well. We will need a photo release form signed; it will be emailed to you along with your invoice or you can print it from here.

Turnaround

We recommend ordering these at least 4-6 weeks before you need them. We can go down to 3 weeks with 2-day shipping. If you want us to assemble these for you, you must have 5 weeks before you need them.

Ordering Instructions

1) Most of the **information you will need to order is online** at www.antoniaroseprinting.com, under Weddings and then Fan Programs. There you will find online ordering instructions and links to **ink colors, fonts, motifs, monograms** and more options too numerous to reprint here. Go online and make these choices.

2) Use the **order form** at the end of this brochure; complete it and fax it to the number shown (or copy the online version to your email). If you are using a photo on your fans, you will also need to complete our Authorization to Reproduce form, at the end of this brochure.

3) **Write up your copy.** Most people put the wedding party and family names on one side of the program fans, and their order of ceremony on the other, with a closing remark at the end. The second most common way to set it up is to have a monogram and/or statement like "The Marriage Ceremony of X and Y" and the date on one side of the fan programs, and then the order of ceremony and wedding program in two columns on the other side.

Just type your copy and indicate what you want to go where, in Word or your email. You don't have to format it perfectly--just tell us where the blocks of text, motifs, etc. should go, relative sizing, and how you want them aligned. We will typeset the text and make it fit the fan program. Please keep in mind that your text will take up about as much space on the fans as it does on your document--we can only fit so much on these!

4) **Check out our accessories online:** bows, sheer ribbons, blank or personalized satin ribbons to see if you want to add them to your wedding fan programs.

5) Decide if you want to **assemble** them or have us do it; these ship with assembly instructions, which you can view online.

6) **Send your order by email or fax** (1-443-639-2358). You can call in your credit card information, if you prefer, or use the button at the bottom of the online page to transmit it through our secure server.

7) We will email you an **invoice** showing your total before your card is charged.

8) Then you will get a **proof** by email, in pdf format. Your first proof is free; additional proofs cost \$10 each, our cost from the press.

9) **Production time** is 5-6 business days for a proof and then another 5-7 for production, plus UPS ground shipping time from MN. If you choose assembly, that adds 5 more business days. **HOWEVER:** the press occasionally runs out of stock or handles for a day or two. **PLEASE** tell us your deadline when you order so we can let you know if we can get your fan wedding programs to you in time. We recommend ordering at least 4-6 weeks before your deadline. We can go as tight as 3 weeks with expedited shipping.
